

AGILE REQUIREMENTS USER STORIES

The screenshot displays the Azure DevOps interface for a project named 'expense tracker'. The left sidebar shows the navigation menu with options like Overview, Boards, Work items, Backlogs, Sprints, Queries, Delivery Plans, Analytics views, Repos, Pipelines, Test Plans, and Artifacts. The 'Work items' section is currently selected, showing a list of recently updated items. The main area displays a table of work items with columns for ID, Title, Assigned To, State, Area Path, and Tags. The items are sorted by 'Recently updated'.
